“ Tom was a brilliant engineer and a special friend. We attended the same church, played in the summer band, and swapped letters when he was in college. We re-connected some years later. He visited me & my children when I had a graduate assistantship in Scotland in 1980. We all traveled through western Europe for 3 amazing weeks. That's when he started his collection of crystal beer steins! Our lives diverged but we kept in touch. The world has lost a kind and gentle soul.

“ I was shocked to hear of Tom's passing. We were classmates at Hatboro-Horsham and of everything musical. He will be missed by all those who were fortunate to know him. I had a great visit with him at our last class reunion.

My deepest sympathies to Tom's family. May your memories give you comfort.

“ I worked with Tom at NADC for at least 6 years. He was smart and provided great leadership to me. I was shocked to hear of his passing since I just saw him at the last NADC reunion at the "Fuge". He will be missed by many. May he rest in peace. Condolences to his family.

“ Tom was a fellow NADC employee. He also was a good country dancer and he shared a summer rental at Bradley Beach with me and a group of other friends. Played tennis and ladder golf with him. We BOTH were very competitive. . Traveled a bit with him to Vegas and a couple other group trips. Always a good natured guy and very likable. I am so sorry to hear of his passing. He will be sadly missed. My sympathy and condolences to his family. RIP Tom.
